“ We love this thing! One of the best purchases we have ever made. We have been camping with it about ten or more times now. We have stayed nice and dry and you feel very secure inside. We like to go places you couldn't take a camp trailer so this really works well for us. ”

– Christa F

“ I used to sleep in my Ford Escape but had little room for anything else. This SUV tent has made camping life easier on all counts. After a first-time test of putting it up, I can now drive into a camp site and have the tent up, bed made and dinner on the table in about a half hour. All in all, this tent is a terrific product that I hope to give me many months of pleasure in the wilderness. ”

– Herbert G.

“ Imagine a hurricane style wind, truck swaying side to side as the rain pelts the ground. This was exactly how the first night in this tent was. It held up amazing, it was dry and warm. The set up was quick and easy and fit exactly like described in the directions. Definitely looking forward to a more favourable weather trip soon. Would highly recommend this tent. ”
